PRODUCT DESCRIPTION

Tashin HIC HOP TCC 6000 13 Inches Pouch Laminator The TCC 6000 Tahsin TCC Heavy Duty Photo Laminator is versatile and easy to use. Designed for continuous use and laminates photos and digital images bubble free. The advanced hot roller system with adjustable speed ensures quality and trouble free operation. Comes complete with reverse function and solid state digital temperature controls. Advanced six roller design features 4 heated and 2 cold rollers to ensure perfect document lamination with or without the use of paper carrier. Standby heat mode keeps the unit ready, while avoiding excess wear to the motor or rollers. The TCC6000 heavy duty laminator is designed for continuous use and laminates photos and digital images bubble free. The advanced hot roller system with an adjustable speed ensures quality and trouble free operation. The TCC 6000 comes complete with a reverse function and solid state digital temperature controls. Just insert your photo or document into the laminating pouch, place it in the special carrier and feed it into the laminator. In seconds your piece will be permanently sealed and preserved. Order yours today
