PRODUCT DESCRIPTION

The Laminex SuperKote 42 laminator is a variable speed machine capable of accepting board stock up to 1 2 thick. The SuperKote 42 laminator is the largest in the SuperKote laminating series. It comes equipped with an in line slitter for document trimming during lamination. The SuperKote 42 laminator handles the largest laminating jobs, as well as smaller 5, 7 and 10 mil film. It has an adjustable pressure roller to single side laminate sensitive film without curling. An optional foot switch for hands free operation and a footage counter for tracking film usage are available.
