PRODUCT DESCRIPTION

The Banner American Finisher 4300 laminator is an excellent industrial laminator capable of handling items up to 43 wide. The Finisher 4300 laminator is a thermal laminating mounting machine designed for the inkjet printer market. The Finisher 4300 laminator can laminate 20 ft. min. and can handle film thickness up to 10 mil. Its heavy duty construction make it an excellent production machine for a print shop. The Finisher 4300 laminator utilizes solid state controllers with LCD readouts for exact temperature control, precise roller pressure across the entire web, and a host of user friendly operating features. On top of all the power, the Finisher 4300 laminator is also easy to clean and warms up quickly compared to other machines of it caliber.
